EDUCATION

KIT-Kalaignar Karunanidhi Institute of Technology - Coimbatore, India

2023 – 2027

B.E. CSE (Artificial intelligence and Machine Learning) , Pre-Final year

Current **CGPA: 8.24/10.0**

Coursework: Computer Architecture, Computer Networks, Operating Systems, Database Management Systems

EXPERIENCE

Product Engineer Intern, At Cloud Destinations (Full Time)– Coimbatore, India (offline)

August - Present 2026

- Worked on building real-time AI-driven healthcare appointment systems using voice and WhatsApp platforms.
- Developed conversational assistants with Azure and AWS to handle patient verification, symptom assessment, insurance checks, and appointment scheduling.

AIML Intern, Codebind Technologies – Coimbatore, India (offline)

December 2024

- Developed an **AI-driven chatbot** using NLP techniques for automated conversations.

Full Stack Development, Learnlogicify Technologies – Coimbatore, India (offline)

June 2025

- Created a fully functional **website** as a key internship task, integrating both frontend and backend.

PROJECTS

AI-Powered Wearable for Smart Mobility and Learning | IoT Devices, Python, YOLO v8, Text-to-Speech, TensorFlow

- Developed a wearable hat with a camera and ultrasonic sensor to detect obstacles, estimate distance, and provide real-time voice feedback. Integrated an AI voice assistant to tell time, play YouTube videos, and provide Wikipedia information.

Health Assistance ChatBot | Flask, Mistralai API, SQLite, ChromaDB, Hugging Face Transformers

- Developed an AI-powered chatbot that engages in natural conversations with users.
- Provides suggestions and guidance on possible diseases based on user-reported symptoms.

Cloud Healthcare Intelligent Appointment Assistant | Azure Communication Services, Flask, Azure Realtime API, MongoDB, FAISS, Azure OpenAI

- An AI-powered virtual assistant built using Azure Communication Services that interacts with patients through phone calls to manage appointments.
- It enables secure patient verification, symptom assessment, insurance checks, and end-to-end appointment booking via voice-based conversations.

Doctor Appointment Booking Assistant (WhatsApp) | Meta WhatsApp API, AWS Bedrock, ChromaDB, Flask, MongoDB, Langchain

- A conversational AI system that enables users to book doctor appointments directly through WhatsApp. It uses AWS Bedrock with RAG to match doctors and manage appointments efficiently.

Doctor Appointment Booking Assistant (Realtime Avatar Kiosk) | Azure Realtime API, WebSocket, RAG, ChromaDB, Flask, FastApi, MongoDB

- A real-time conversational AI kiosk that allows patients to book doctor appointments through natural voice interaction using an animated avatar. It leverages WebSocket-based Realtime APIs for low-latency communication and intelligent scheduling.

TECHNICAL SKILLS

Programming Language – C | Python | Java | DBMS | DSA

Web Technology – HTML | CSS | Javascript | React.js

Technical - AI | ML | DL | IoT | AWS | Azure | LangGraph | LangChain | LLM | Gen AI

CERTIFICATIONS

COURSERA - Linear Algebra for Machine Learning and Data Science | Calculus for Machine Learning and Data Science | Probability & Statistics for Machine Learning & Data Science | Machine Learning with Python | Neural Networks and Deep Learning

COMPETITIVE PROGRAMMING

Leetcode : Max rating - **1451** | Solved problems: **317** | Top **88.8%** globally | Highest Rank : **13240** | Badges : **2**

Codeforces : Max rating - **363** | Position: **Newbie** | Highest rank **13230**.

Codechef : Max rating - **1426** | Position : **2 Star** | Problems : 584 | **Global Rank** : **38997** | **Country Rank** : **36095**

ACHIEVEMENTS

- **Finalist – VCETHackElite 2K25**: Finalist in a 24-hour national hackathon for an AI-based solution.
- **Finalist – Hackzion V.2**: Finalist at a 24-hour national-level hackathon (AMC Engineering College).
- **5th Place – Hack the Horizon**: Placed 5th among 100+ teams; earned an internship offer..
- **Third Prize – IDEATHON '25**: Won Third Prize for a tech-based team solution.
- **Completed 4 NPTEL Certifications** - Design Thinking - A Primer - (ELITE) | Introduction To Machine Learning - IITKGP - (ELITE) | Foundation of Cloud IoT Edge ML - (ELITE) | Deep Learning - IIT Ropar
